Please see G.R., R.C.D., No.10598/39, dated 2-4-1946 (at pp.45-47 of the loose papers below) laying down the policy for the use of Government tractors for seasonal shallow ploughing in scarcity areas. It is proposed to allow the use of these tractors at the concessional rate of Rs.4/8/- per acre. Para.4 of the G.R. lays down how the tagai required in this connection shall be paid. The loan shall not be paid direct to the cultivator-borrower but the amount shall be paid on his behalf to the Mechanical Engineering section of the Agricultural Department on a certificate from the Engineer that the cultivator's lands have been ploughed. With this end in view it is proposed to amend the Agricukturists Loans Rules, 1916, and a draft notification in this behalf is sent by the Revenue Department for scrutiny by the R.L.A.

2. The draft notification at pp.9-10 ante, as amended, is in order. The Revenue Department draft notification proposes to amend paragraphs 6,7 and 8 in Bond Form No.1 appended to the Agricultural Loans Rules, 1916. From the L.D. copy of the Rules it appears that the relevant paragraphs to be amended are 5, 6 and 7. Apparently R.D. seems to have followed the order in the Tagavi Manual. R.D. should verify the correct numbers before issuing the notification.

Office of the R.L.A.

From Government Resolution, Revenue Department, No.10598/39, dated 2nd April 1946, it appears that the amendments suggested are necessary to meet the circumstances during the year 1946-47. If therefore the amendments are made as proposed by R.D., they will remain on the statute book permanently; and the existing provisions would be altered accordingly. It therefore that is not the intention, R.D. is requested to consider whether it will not suffice if a separate form is prescribed for the year 1946-47 only.
